Pokémon Crystal - Part 15

From: [chuggaaconroy](#) | April 15, 2010 | 4,055 views

Audio compression that YouTube wasn't fond of in the last part have been fixed.

We do the Bug-Catching Contest and set out for Ecruteak City!
....But only after an encounter with the jiggly kind.

I asked who this 'she' person is. Cuz she seems slutty and crystal said and i quote. "Easy, it's you Zoey," ;_;

This is my channel where I've posted my Let's Play videos for the past two years now, time sure flies! Thanks for watching, though!

I sadly can no longer accept random friend requests, I'm backed up with over 14,000 unread friend invites and can no longer answer them. Call it a popularity curse, boo YouTube!

Existing friends may comment on my page, if someone's being unruly there, let me know via PM.

Rules regarding PM's:

Rules about mail:

I try to reply to mail, but it seems not every message makes it into my inbox now due to the volume of mail I get. I read everything that makes it in, though! I don't take requests for LPs and will not tell you what I'm doing next. I also do not accept challenges to online games, nor do I accept request to co-commentate a video. If your question doesn't need to be answered by me, USE GOOGLE. My videos are also not a tool for advertising you or your product, so do not ask.
